## Details:

We have an opportunity to help put your business on the first page of Google targeting people searching for physiotherapy in Sydney.

People who search for "Physiotherapy Sydney" are people actively looking for a Physiotherapist in Sydney, and we can put you in front of these people almost instantly. We are assuming you may be interested in that.

SearchEngineBrisbane.com are Search engine specialists working with businesses to raise their search engine ranking.

Recently we decided to cultivate some key sites in specific industries and Physiotherapy is one of those areas of interest.

We have already established a highly ranked working website at [PhysiotherapySydney.com](http://PhysiotherapySydney.com) as demonstrated above.

We are making this **competite site** available for rent to one business only, on a month by month basis, for as long as it is of value to you. No lock-in contracts. This is an amazing opportunity and no risk to you, however you can gain an instant exposure that your current business does not have. This is true even if your current website is getting exposure.

If you search for "Physiotherapy Sydney" (without the quotes) you can see we have this site ranked number 1 out of 345,000 results.

Once your specific details are uploaded to the site we will be able to further strengthening your claim to the number one position.

For an example of the value of the google location map see the following example from one of our clients. A Google search for "Psychologist New Farm" will show you <http://SheleaghWhiteCounselling.com> is the number one spot on the map and number three in the listings.

This is bringing new targeted customers from the web, and similar to physiotherapists the long term value of a new customer is significant.

Once the content of the website is updated. (note: the current design is just a placeholder you can have your own site layout etc.)

We will continue the promotion of the site for the two main keywords Physiotherapy Sydney and Physiotherapist Sydney. The figure below shows the search results and keyword bid price in Google advertising.

Keywords	Estimated Ad Position	Estimated Avg. CPC	Advertiser Competition	Local Search Volume: August	Global Monthly Search Volume	Search Volume Trends (Sep 2008 - Aug 2009)
Keywords related to term(s) entered - sorted by relevance						
physiotherapy sydney	1 - 3	\$1.45		6,600	3,600	
physiotherapy sydney city	1 - 3	\$0.09		58	36	
physiotherapist sydney	1 - 3	\$1.37		2,400	1,300	
phvsiotherapv				Not		

You can see from the Google statistics there were 9000 searches for these two terms last month.

**Specialist skills and Knowledge:**

We understand the search engine systems and how people are using them. As you can see, when people are looking for a physiotherapist they don't type in company names but they do type the above two keywords.

Imagine the top site coming up Physiotherapy Sydney and it is all your content, your contact details and links to your corporate site. Instant authority, physiotherapy sydney → your business.

Just to be clear, this is not a Directory listing, but an alternate version of your site (it is useful if it is similar but different). Over time if you are interested we can do the work to bring your website up to rank on page one also providing you more coverage.

We are sure you can see that this will increase your internet traffic, which is the fastest growing sales channel in the world. This site is now on the open market and will be gone very quickly.

There are options available for monthly rental, yearly rental or for a short time this site is available for sale.

Instant order link <http://physiotherapySydney.com/order>

or Have more questions?

Contact us and we can set up a time to discuss this opportunity.  
<http://physiotherapysydney.com/contact-us>

Thanks for your time and interest.

If you are not interested just let me know, no problem thanks.

PS: We can also happy to discuss working on raising your ranking on your own site if you are not interested in this rental offer, thanks.
